YOU ARE MY STRATEGY

SOLVE YOUR ACADEMIC CRISIS

I partner with students and families to protect the child, relieve the parents, and chart the next strongest steps

WHO THIS IS FOR

- Suspension, expulsion, or major disciplinary action
- Placement, transfer, or re-entry
- A family needs calm, expert leadership now

I ONLY ADVISE WHAT I HAVE PERSONALLY MASTERED

- PhD in Psychology and Education from Penn/Wharton
- 50+ crises successfully resolved with positive outcomes
- Former Dean of Student Life & Wellbeing at Upper Canada College, responsible for 1,250 students
- Hands-on leadership across schools and families in 18 countries

WHAT I TAKE OWNERSHIP OF

- Full coordination across all stakeholders
- Communication and advocacy with the school

” At a moment when it felt as though other people were deciding what would happen to me, Alejandro helped me understand what I wanted - and what I needed to do to earn it... I arrived at boarding school understanding that this year belongs to me... He was an ally who believed in me while also holding me accountable.

STUDENT

” What distinguishes Alejandro is his rare combination of judgment, empathy, and execution... He understood our son as a whole person - not merely as a student or a disciplinary situation - and helped us reach a conditional readmission agreement while preparing a thoughtful transition to boarding school in Canada.
